Deposit Account Summary

Our Share Certificates have terms from 3 to 60 months so you can invest at higher yields for however long you choose. You can also “ladder” your certificates to protect against rate fluctuations. Simply divide your funds equally among certificates of different terms. If rates are higher when the first matures, you can re-invest. If rates have dropped, the balance of your investment will continue to earn the higher rates at which they opened.

Rates may vary and change without notice.
